PROFESSIONAL SUMMARY

Analytical and growth-oriented Full Stack Web Developer pursuing a B.Tech in Computer Science and Engineering. Possesses hands-on experience in building responsive user interfaces and integrating cloud computing infrastructure through internships at IBM and Live TechIndia. Demonstrates proficiency in React.js, JavaScript, HTML5, CSS3, Python, and cloud services, combined with strong fundamentals in data structures, web security, and data acquisition algorithms. Proven ability to collaborate effectively in team-driven projects and technical hackathons.

TECHNICAL SKILLS

Programming Languages:	JavaScript (ES6+), Python, HTML5, CSS3
Frontend Web Dev:	React.js, Responsive Web Design, DOM Manipulation, CSS Frameworks, UI/UX Optimization
Cloud & DevOps:	Cloud Infrastructure Fundamentals (IBM Cloud), Application Deployment, Resource Optimization
Core Computer Science:	Data Structures & Algorithms (DSA), Web Security Fundamentals, Data Acquisition Techniques
Tools & Platforms:	Git, GitHub, VS Code, Linux/Windows Environments

PROFESSIONAL EXPERIENCE

Cloud Computing Intern | IBM India Pvt. Ltd.

Present

- Spearheaded cloud resource deployment and system configuration tasks within an enterprise environment.
- Configured and deployed cloud-based web application components, enhancing application scalability and uptime.
- Assisted in monitoring system performance metrics and optimizing cloud resource allocation to minimize downtime.
- Integrated baseline web and cloud security protocols to safeguard data processing pipelines and user access controls.

Frontend Developer Intern | Live TechIndia Pvt. Ltd.

- Engineered high-performance, client-facing web components using modern frontend technologies.
- Authored clean, standard-compliant HTML5, CSS3, and JavaScript code to construct interactive UI elements.
- Optimized cross-browser compatibility and responsive layout designs across desktop and mobile viewports.
- Partnered with team members to transition UI/UX mockups into functional web pages, accelerating feature releases.

PROJECTS & COMPETITIONS

Songify – Music Streaming Web Application Clone | React.js, CSS3, HTML5 Audio API

- Engineered a fully responsive music player UI utilizing React components for modular and maintainable code structure.
- Managed dynamic audio playback state and playlist rendering efficiently using React Hooks (useState, useEffect) and the HTML5 Audio API.

Personal Developer Portfolio | JavaScript, HTML5, CSS3, GitHub Pages

- Designed and deployed an interactive personal portfolio website showcasing technical skills, projects, and certifications.
- Integrated responsive grid structures, smooth scroll navigation, and custom CSS animations for optimal multi-device UI/UX.

Hackathon Participant – HACKATHON 2K25 | Tech Club, Kashi Institute of Technology

April 2025

- Architected a prototype web application under strict sprint deadlines, focusing on core functionality and responsive UI design.
- Utilized Git/GitHub for version control and collaborative code integration during rapid prototyping phases.

CERTIFICATIONS

- Acquiring Data Certification – FutureSkills Prime / NASSCOM
- Cybersecurity Certificate – Workshop on *Cybersecurity: Protecting the Digital Frontier*, Kashi Institute of Technology
- STEM Certification – Recognized STEM Learning Program
- Introduction to Python – Infosys Springboard
- Learning CSS – Infosys Springboard

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering

Pursuing

Kashi Institute of Technology, Varanasi

Intermediate (Class XII) – *Axis Academy, Varanasi*

2024 | Score: 83.3%

High School (Class X) – *Dr. Savita Memorial Global Academy, Chunar*

2021 | Score: 67.0%

KEY COMPETENCIES & LANGUAGES

- **Soft Skills:** Problem-Solving, Team Leadership & Management, Critical Thinking, Technical Communication
- **Languages:** English (Professional Working Proficiency), Hindi (Native / Fluent)
